

Skills for Life Literacy and Numeracy

Programmes that provide adults with the opportunity to improve their skills in **English** and **Maths**, leading to a nationally recognised qualification.

Give yourself the opportunity to be confident and able to function successfully at work and in every day life!

Benefits for you and your employer

Increased confidence and self-esteem to take on new roles at work and at home.

Increased motivation and job satisfaction.

New skills and recognised qualifications.

Access to greater life opportunities.

Better customer relations and fewer complaints, your communication skills will improve.

The Learning Journey

Strengths and areas for improvements are identified

Commitment from your tutor, providing you with the training and support you need.

It is lively, interactive and fun! Some of the work involves using ICT and the internet.

You will work towards a national qualification in Literacy and/or Numeracy, the equivalent to a GCSE.

Who can do it

There is full Skills Funding Agency or ESF funding available, no matter what previous qualifications you may already have.

There's no upper age limit, although you must be aged 19+

(see eligibility Requirements)
