

**1. Who we are**

The College of Richard Collyer is a sixth form college whose main focus is the education of c. 2100 full-time students aged between 16 and 19 years. The College also provides opportunities for adult education, apprenticeships and access to Higher Education. It was founded in 1532 under the terms of the will of Richard Collyer of the Mercers' Company in the City of London and is now funded principally by the ESFA.

**2. Legal requirement**

- 2.1 Adopting a publication scheme is a requirement of the Freedom of Information Act 2000. This Act promotes greater openness and accountability across the public sector by requiring all 'public authorities' to make information available proactively, through a publication scheme. The college recognises the amendments under the Protection of Freedoms Act 2012 extending, for example, the provisions on publishing datasets for re-use (S102).
- 2.2 'Public authorities' are defined in the Act and include universities, further education colleges, sixth form colleges and schools.
- 2.3 The college seeks to be similarly compliant with the Environmental Information Regulations 2004 (EIR) in respect of making environmental information available on request.
- 2.4 In respecting freedom of information, the College also seeks to provide the appropriate protection of any personal information in order to abide by the Data Protection Act 2018 and the General Data Protection Regulation (GDPR) in force from 25<sup>th</sup> May 2018.

**3. The 'model' publication scheme for further education**

- 3.1 As a Sixth Form College, Collyer's has adopted the model publication scheme developed by the Information Commissioner's Office (ICO) and followed the guidance set out in the latest Definition document for colleges of further education (in favour of that relating to schools). The information covered is included in the classes of information below:

**Who we are and what we do.**

Organisational information, locations and contacts, constitutional and legal governance.

**What we spend and how we spend it.**

Financial information relating to projected and actual income and expenditure, tendering, procurement and contracts.

**What our priorities are and how we are doing.**

Strategy and performance information, plans, assessments, inspections and reviews.

**How we make decisions.**

Policy proposals and decisions. Decision making processes, internal criteria and procedures, consultations.

**Our policies and procedures.**

Current written protocols for delivering our functions and responsibilities.

**Lists and registers.**

Information held in registers required by law and other lists and registers relating to the functions of the authority.

## **The services we offer.**

Advice and guidance, booklets and leaflets, transactions and media releases. A description of the services offered.

4. We shall seek to fulfil requests for information unless:
- We do not hold the information;
  - The information is exempt under one of the FoIA exemptions or EIR exceptions or its release is prohibited under another statute;
  - The information is readily and publicly available from an external website (though we shall provide a link to that information);
  - The information is archived, out-of-date or otherwise inaccessible; or it would be impractical or resource-intensive to prepare the material for routine release.

Full details of the model scheme can be found on the ICO website at [www.ico.gov.uk](http://www.ico.gov.uk).

## **5. Accessing information covered by the publication scheme**

- 5.1 The information we publish is described in the attached Guide to Information.
- 5.2 Next to each class of information we have indicated the manner in which the information described will be available. We have also indicated whether charges apply to material in each class. Where cited as available, 'At cost (A/c)' charges will, for example, be 5p per sheet (A4 Black and White) plus any postage. Confirmation of any payment due will be given prior to the information being provided. Payment will generally be requested prior to provision of the information.
- 5.3 To request information available through our publication scheme, please see our website (which includes a contact number) or write to: **Karen Smith (PA to the Vice Principal (Curriculum))** See paragraph 7.1 below for address or E-mail: [kes@collyers.ac.uk](mailto:kes@collyers.ac.uk) . Obligations under disability and discrimination legislation and any other legislation to provide information in other forms and formats will be adhered to when providing information in accordance with this scheme.

## **6. What about information not covered by the publication scheme?**

- 6.1 Under the Freedom of Information Act 2000 you have the right to request any information held by a public authority which it has not already made available through its publication scheme.
- 6.2 Requests have to be made in writing (which includes e-mail and fax), give the applicant's name and return address and describe the information being sought. In general, public authorities have 20 working days to respond starting on the first working day after receipt of the request. They may charge a fee, which has to be calculated according to Fees Regulations. They are not required to release information to which an exemption in the Act legitimately applies. However, public authorities may be required to explain to the applicant why they are not releasing information and they may also have to justify this to the Information Commissioner.

## **7. Feedback**

- 7.1 It is important that this publication scheme meets your needs. If you find the scheme difficult to understand, please let us know. We also welcome suggestions as to how our scheme might be improved. Any questions, comments or complaints about this scheme should be sent in writing to the Publication Scheme Co-ordinator below:
