

Graduate profile – Kellie

After graduating from Collyer's with my level 3 in childcare, I started a job full time in a nursery. I really enjoyed it and the invaluable practical experience I received as part of the course helped me develop an understanding for all age ranges and prepared me for work in a setting. Fast forward a few years and I am now the nursery manager supporting staff, children and other students discover what a difference you can make when you work with children and their families.
