

TEACHER OF MATHEMATICS

Full Time, Fixed Term (1 year)

Required for September 2024

The College of Richard Collyer in Horsham, 'Collyer's', is one of the leading sixth form colleges in the country and the no.1 choice for A Levels in West Sussex.

We are seeking to appoint an enthusiastic, committed and skilful mathematician to join a cohesive and skillful team, to cover a career break for a member of the department. The successful applicant will be expected to contribute to the delivery of the A-level mathematics curriculum. and other curriculums within the department (Further Maths A-level, Core Maths and GCSE maths retake).

Established almost 500 years ago, the College of Richard Collyer is forward thinking in every way. Our mission is simple: to deliver the best possible education to our 2,300+ students aged 16 to 19. Our achievements speak for themselves consistently placing us within the top sixth form colleges nationally. In the summer of 2022 our students achieved 71% A*-B at A Level, and with national averages returning to pre-pandemic levels in 2023 our students achieved an outstanding 61% A*-B. Results across our other qualification types are equally as strong. Approximately 70% of our offer is A-Levels, with 25% comprising Level 3 vocational and technical qualifications, and 5% comprising our Transition courses for students to bolster their Level 2 qualifications before progressing to Level 3. Alongside our academic, vocational and technical course we have a thriving enrichment programme with over 130 activities available to all students from sports, to arts and crafts and music

A great college deserves a great location: we're close to the centre of the historic market town of Horsham and under an hour from London by train. We're a supportive community rather than just a place to work, and we are deeply committed to the professional development of our staff.

Qualifications: Good degree in Mathematics or related subject together with a recognised teaching qualification

Experience: Current or recent experience of teaching the Mathematics A-level syllabus or GCSE syllabus for 16-18 year olds is desirable.

The ability to teach (or upskill to teach) Further Maths or a second subject within the department is an advantage.

Knowledge and Skills: An excellent understanding of Mathematics and the ability to use Information Technology to support teaching and learning.

Personal Qualities: Excellent teamwork and communication skills, flexibility and effective organisation.

COLLYER'S

The College of Richard Collyer

Motivation and expectations: A commitment to high standards, and an enthusiasm for teaching and supporting students.

A member of the thriving Science Faculty, Maths is taught in a suite of 6 rooms plus a small computer suite and workshop room with a staff of 8 FTE. The maths department is well resourced and all teachers follow unified scheme of works, homework and assessment materials for all courses. Staff are encouraged and expected to share resources for teaching and assessment.

Members of the teaching staff are also personal tutors. Tutors monitor progress and offer support and guidance to twenty-five students. The ability to contribute to the enrichment programme would also be welcome.

Salary range: On the SFCA salary scale £30,500 (Point 1) to £47,133 (Point 9)
