## **Fees and Charges**

### **5. Fees**

- 5.1. No UK student aged 16,17 or 18 on the 31st August immediately prior to their enrolment will be charged fees for tuition as long as they meet the residency conditions as set out in the Education and Skills Funding Agency Funding Guidance for Young People (available from [www.gov.uk](http://www.gov.uk) website).
- 5.2. A student who is 19+ on the 31st August immediately prior to their enrolment on a new Programme of Study may be charged tuition fees, depending on their circumstances. Such students are advised to contact the Local Authority in which they live in the first instance to ascertain whether and at which level they are entitled to study without paying tuition fees. The College can also provide advice through the Director of Admissions and Marketing and will be guided by the Department for Education funding rules (available from [www.gov.uk](http://www.gov.uk)) and written evidence of status provided by the applicant from the relevant Local Authority.
- 5.3. Students will continue to receive free tuition in any consecutive, subsequent year of study on the same Programme of Study as recorded in their learning agreement (i.e. students beginning the first year of a two-year course will not be charged tuition for re-enrolling into the second year if they were not required to pay tuition fees for the first year of the course). The Director of Admissions and Marketing will respond to student, parents/carers or staff questions relating to tuition fees.
- 5.4. International students and EEA nationals studying a one-year programme, which does not carry funding, are charged tuition fees. The fee is reviewed annually and appended to this policy.

### **6. College Fund**

- 6.1. The College Fund is a single payment requested on entry to the college which covers the provision of those social and recreational extras not otherwise provided for by public funding. It funds, for example, the provision of recreational facilities in Sport, Leisure and Fitness and in Music, Drama and Dance, minibuss transport for local trips, visits and matches. It encourages students to participate fully in the enrichment and social activities the college provides and enables the college to provide them free or subsidise them instead of having to

charge in full. In the event of insufficient contributions being made the college would have to consider withdrawing the above facilities or charging for them. However, a refund of the contribution for the year can be claimed if a student leaves before the 1<sup>st</sup> November of that year, no refunds will be made after that date.

6.2 International students are not requested to contribute to the College Fund.

## **7. Examination and Assessment Charges**

- 7.1. All qualifications carry charges made by the examining board for each student's exam entry and coursework assessment. This means that courses which do not have any examination as part of their assessment, and are coursework only qualifications, do still carry associated exam board costs.
- 7.2. For international students examination costs are covered by their tuition fee. However, international students are liable for additional examination and assessment charges for 7.3.2-7.3.6 below.
- 7.3. Students who are aged 16, 17 or 18 on the 31<sup>st</sup> August immediately preceding the start of their programme are not charged for the first attempt at each public examination or relevant coursework submission for subjects they have been studying at College, other than in the following circumstances:
  - 7.3.1 Students who, at the start of the summer term, have attendance of less than 80%. The college, will, however, be sympathetic in the case of unavoidable authorised absence (e.g., family bereavement, religious festivals, college trips, university visits or a prolonged absence caused, for example, by long term ill-health) and is committed to providing support in these cases;
  - 7.3.2 Where a student withdraws or fails, without good reason, to sit an examination for which the college has paid;
  - 7.3.3 Where a student re-sits an examination resulting from an initial examination failure;
  - 7.3.4 Where a student re-sits an examination with the aim of achieving an improvement in grade;
  - 7.3.5 A student who requests a review of marking, re-check or the return of an original script will be required to meet any associated costs;
  - 7.3.6 Where a student requests entry into a public examination for a subject which has not been part of their Programme of Study at the college.
