

1993

Collyer's
YEARBOOK

For the fifth year running, students at Collyer's have produced a Year-book with photographs of a wide range of college activities. They have aimed to include a photograph of everyone in the college, and the pictures of the tutorial groups should ensure that this is done I am pleased to write this brief introduction and congratulate all those who have taken part in the production. I hope that they enjoyed producing it and that the rest of the student body will find it a pleasure as they go through it.
