Year Book 1990-1

Mr. D.J. Arnold Principal

This Yearbook for 1990-91 is the third one to have been produced by Collyer's students and I am glad to have been given the opportunity of writing the introduction.

Throughout the year the students involved with this project have taken photographs of their fellow students and members of staff - teaching and non-teaching. Every tutor group is included, together with a wide range of sporting, dramatic, musical, social and other events. It should be possible to find every student and every member of staff somewhere between the covers.

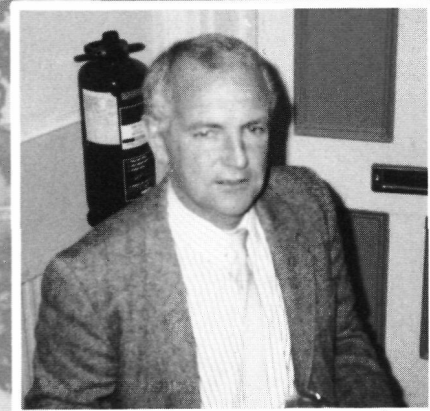

The last two Yearbooks were very successful and I am sure that this one will be as well. I congratulate all those who have taken part in producing it.
